Nurse practitioner Jaimi Anderson joins all-women staff.

EDINA, Minn. (May 21, 2012)—Clinic Sofia, an OB-Gyn clinic with locations in Edina and Maple Grove announces that Jaimi Anderson joins the clinic’s all-women staff as a certified nurse practitioner. Anderson will work at Clinic Sofia’s new Maple Grove location set to open on June 4 at 15679 Grove Circle North near Maple Grove Hospital.

“Jaimi’s extensive experience in meeting the unique health needs of women make her a wonderful addition to the Clinic Sofia team,” said Dr. Donna Block, founder of Clinic Sofia. “Her passion for working with women and educating them about healthy lifestyles aligns with our mission to help women be advocates for their own health and wellness.”

Anderson brings nearly 20 years of experience, caring for all aspects of women’s health, to support Clinic Sofia patients. Previously a nurse practitioner at an OB-Gyn clinic in Edina, she has also supported women’s health needs through her work at the Center for Reproductive Medicine and the Midwest Center for Reproductive Health. She holds a nursing degree from the University of Minnesota and nurse practitioner certification through the Women’s Health Care Nurse Practitioner Program at Planned Parenthood.

“I am really excited to be part of the Clinic Sofia team because they have such a great philosophy towards women’s health and women’s needs, and the physicians offer such a progressive voice for women in our community,” said Anderson.
