Medication

Sometimes patients require a medication to be injected as part of their treatment. In this case, the prices and billing to the insurance company is handled by the pharmacy, not Clinic Sofia. Please contact your pharmacy for more pricing/billing info. The medication will be picked up and paid for at the pharmacy and then injected by a medical professional at Clinic Sofia. The injection fee will be billed out accordingly by Clinic Sofia. **Injection 90782** \$75 billed to insurance by Clinic Sofia; no charge for Self-Pay Patients.

- **Prices are subject to change without notice. Treatment and charges may vary from patient to patient.**
