

## 2015 Prenatal Billing Information

### Global Billing

Your prenatal care and delivery will be billed as a “global” package. **The global package includes up to 13 routine prenatal office visits, delivery, and the post-partum office visit. It will be billed out at the end of your pregnancy (unless you change insurance mid pregnancy).** Please note: if there are more than 13 routine prenatal office visits, there may be separate office visit charges.

### Services not included in the Global OB Package

Below is a list of some services we offer that are *not included in the global package*. These items will be billed separately to your insurance company during your pregnancy in real time as they occur. These services are standard of care and recommended per ACOG guidelines but not required.
